

August 1st, 2013 - Monthly CQI Meeting Notes

Agenda - to identify project goals, needed resources (people, money, etc.), likely timeframe for involvement, and metrics for these committees: *Impact of Biostatistics on Grants, Diversity, and IT Promotions*

Impact of Biostatistics on Grants

Members: Present – John Bock, Seth Martin; Not Present – Donna Bock, Peggy Schuyler, Fei Ye

ActionItems: Back in November

- Develop metrics
- Look more at the NIH RePORT site (<http://report.nih.gov/>) to try and find useful information

OtherNotes:

- Donna has contacted Peggy Pobst in OSP to hopefully get a summary of the number of grant submissions, awards from those submission, and which awards and submissions had biostat support. The group would like to first figure out if there is a correlation between biostat support on grant submissions and award rates.

Diversity

Members: Present – John Bock, WJ Cunningham, Mario Davidson; Not Present – Dale Plummer, Linda Stewart

ActionItems:

- Need to figure out how to accomplish the goals without overstressing personnel

OtherNotes:

- Committee was able to recruit new members: Mario Davidson and Linda Stewart
- Discussed ideas for future involvement – for example, having volunteer department members present at local school AP courses

IT Promotions

Members: Present – No one
